

Community CPR/First Aid

Lawrence County EMS is Proud to deliver Hands-only CPR and First Aid for non-healthcare providers. This course will be offered at the Lawrence County Joint Response Operations Center at 715 Lane Street Coal Grove OH, 45638

This course will be held monthly on the last Saturday of the month at 10am. Expect for the course to last approximately 4 hours in length.

This class is intended for all ages and will teach the basics of first aid and Hands-only CPR. With that being said, some of the topics and imagery that will be utilized will involve matters of traumatic injury, bleeding control, and of patients in cardiac arrest. No minor children will be permitted without their parents present.

This course is free for all citizens in the area and is intended as an educational outreach program to help improve the outcome of critical patient's in the Lawrence County area as part of Lawrence County EMS's Bystander CPR Initiative.

There will be no cost for this course. This course is intended for educational purposes only and will not come with a completion card for job-related CPR. For more information about professional CPR, please contact the training division.
