

## Lawrence County Emergency Medical Service Training Division

### Professional Training

LCEMS Training Division is proud to offer the following classes to the Tri-State Area:

**EMR, EMT, AEMT:** Full courses accredited by the State of Ohio Board of EMS. At the completion of class all students will have the opportunity to sit for the NREMT Written exam to obtain National and State of Ohio licensure to practice.

**BLS CPR, HeartSaver, ACLS, PALS:** American Heart Association courses for the experienced provider and Layperson (HeartSaver). At the conclusion of the course, students will participate in practical and written examinations and be given a certification card from the American Heart Association.

**AHDR, AMLS, GEMS, PHTLS, PTEP:** All Hazards Disaster Response, Advanced Medical Life Support, Geriatric Education for EMS, Pre-Hospital Trauma Life Support, and Psychological Trauma in EMS Patients are all courses designed by the NAEMT for experienced EMS providers to broaden their knowledge base. At the conclusion of the Course Students will take Practical and Written exams and be awarded a certification card from the NAEMT.

All courses will be offered at the Lawrence County Joint Response Operations Center: 715 Lane Street Coal Grove, OH, 45638

Schedule of courses, along with application information and pricing are available by contacting the Training Division.

All interested applicants should email the LCEMS Training Division at [emstraining@lcems.us](mailto:emstraining@lcems.us) for more information.
